

SALES DECK

Every driver invoiced, paid and on record.

Bulk self-billing, driver payments and compliance for businesses that run on self-employed people. One provider, one payment.

THE PROBLEM

Paying self-employed drivers takes more time than it should.

Invoice chasing

Drivers send invoices late, in different formats, with mistakes. Someone in the office fixes them every week.

Payment admin

Dozens of separate payments to set up, check and answer questions about.

Compliance risk

Out-of-date insurance or right-to-work checks are easy to miss, and costly when they are.

WORKED EXAMPLE

25 drivers, £750 each a week: £18,750 paid out.

SCHEDULE	FEE	COST PER WEEK OF WORK
Weekly	2%	£375.00
Fortnightly	1.5%	£281.25
